# ANNUAL MEETING SET FOR APRIL 6, 2016

**It sure seemed that 2015 just zipped by, and here we are already in the new year with the annual meeting scheduled for April 6, 2016, at the American Legion Hall in Loyal, Wisconsin starting at 9:30 a.m.**

The annual meeting is an important event for the cooperative. Members will hear reports about the cooperative and the electric industry, review financials, conduct business, and elect their representatives to serve on the board of directors.

The members will be asked to elect two directors for three-year terms. Directors whose terms are expiring this year are Allen Jicinsky from the Town of Spencer and Charles Lindner, Town of Eaton. Both Jicinsky and Lindner are eligible for re-election. Nominations for the director positions are taken from the floor of the meeting.

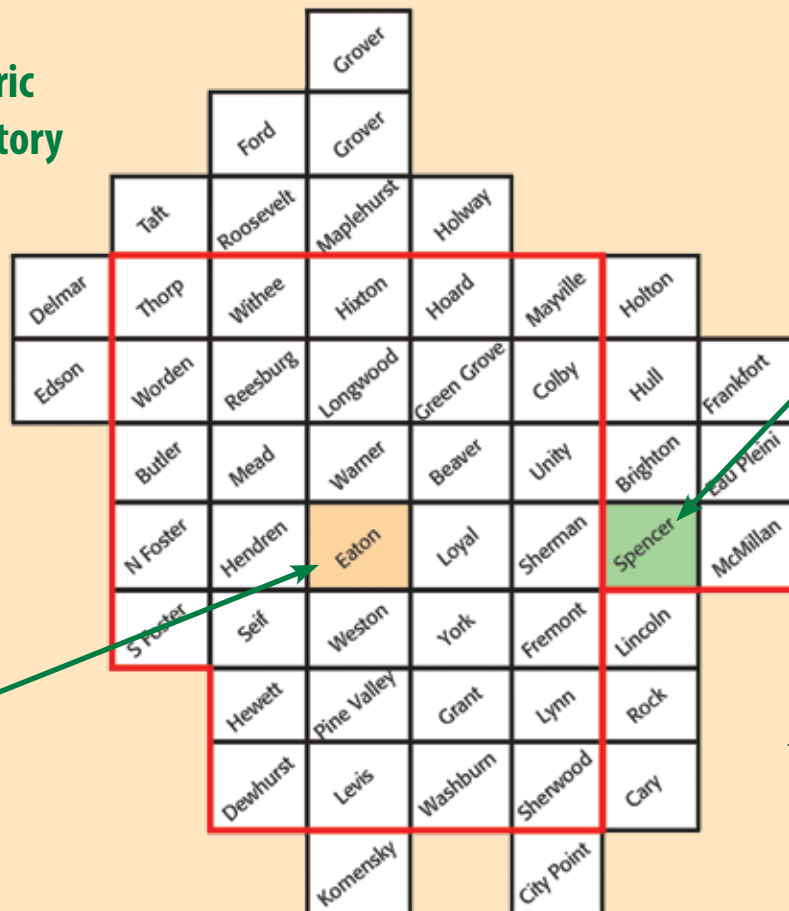

The cooperative's bylaws establish the minimum qualifica-

tions for being a director. A copy of the bylaws is available on the cooperative's website at [www.cecoop.com](http://www.cecoop.com) or by contacting the business office at 715-267-6188. If you have any additional questions about becoming a director, please contact Tim Stewart, CEO/GM, at the business office.

Directors are expected to attend monthly board meetings; represent the cooperative in state, regional, and national affairs; and take advantage of NRECA educational opportunities such as classes, seminars, and workshops. Directors need to read, study, and analyze a lot of information throughout the month to keep informed on the electric industry as a whole. Directors will spend approximately 20 to 35 days a year in performance of their duties.

Plan to attend the annual meeting, enjoy a nice meal, register for door prizes, and help conduct the business of your electric utility. Member involvement is critically important to the success of your cooperative.

Clark Electric Cooperative is once again offering a scholarship opportunity to graduating students from participating high schools in our service area. One \$750 scholarship will be available for a student from each school or group of schools in our service area.

The Clark Electric Cooperative scholarship program began in 1995, and since its inception we have provided more than \$192,000 in scholarships to area students. An independent scholarship committee judges the applicants based upon merit.

Giving back to the community is one of the cooperative principals; furthering the education of our area youth is another. Clark Electric is proud to help these fine young people meet their educational goals.

Applications are available from your high school counselor, online at [www.cecoop.com](http://www.cecoop.com), and at our office located at 124 N Main St., Greenwood.

Tip of the Month

Consider purchasing rechargeable batteries—and an ENERGY STAR charger for them—which are more cost effective than disposable batteries. In the U.S. alone, more energy-efficient battery chargers could save families more than \$170 million annually.
